

TABLE OF CONTENTS

Project Objectives and Methodology	14
Project Scope	14
Technologies.....	14
Chemicals/Materials	15
Regions	15
Research Methodology	15
Information/Data Collection.....	15
Desk Research	16
Field Research	16
Acknowledgments	16
Executive Summary.....	17
Introduction.....	17
Study Methodology	21
Background.....	21
Summary of Findings	22
The Flat Panel Display Industry	27
Electronic Displays Overview	27
Flat Panel Display Technologies	31
Introduction.....	31
Liquid Crystal Displays	32
Plasma Display Panels.....	38
Organic Light-Emitting Diodes	41
Inorganic Light-Emitting Diodes.....	46
Other FPD Technologies	47
Expected Display Technology Developments.....	50
Flexible Display Panels	50
3D Displays	74
Technology Trends and Benchmarking of Technologies.....	74
World Demand for Flat Panel Displays.....	77
Introduction.....	77
Televisions	78
PC Monitors and Notebook Computers.....	80
Other End-Use Products	82
Market Trends.....	84
World Production of Flat Panel Displays	86
Introduction.....	86
Production by Technology	86
Production by Region	91
The Display Panel (Device) Industry	94
Structure of the Display Panel Industry.....	94
United States.....	94
Europe.....	97
Equipment manufacturers.....	99
Japan	103
Republic of Korea.....	105

TABLE OF CONTENTS (continued)

Taiwan	107
China.....	109
Research and Development	115
United States.....	115
Europe.....	116
FLATNET	117
DORAn (Deutsche OLED Referenzanlage).....	117
IST (Information Society Technologies) Work Programme on Advanced Displays of the European Commission	117
ADRIA.....	120
R&D Initiative OLED 2015.....	123
Flexynet	123
Japan	123
Republic of Korea.....	124
Taiwan	126
China.....	127
The Flat Panel Display Chemicals Industry	128
North America	128
Structure of the Industry	128
Market Size and Growth.....	136
Company Profiles	136
Corning Corporation.....	136
DuPont.....	139
Eastman Kodak.....	141
Plextronics	144
Research and Development	145
Manufacturing.....	146
Government Support	146
Flexible Display Center at Arizona State University	147
University of Colorado LC group.....	147
U.S. Display Consortium (USDC)	147
Trends and Opportunities.....	149
Business	149
Technology	150
Critical Factors for Success	151
Europe.....	152
Structure of the Industry	152
Company Profiles	154
Merck KGaA	154
Rolic Technologies Ltd.	161
Research and Development	162
Government Regulations	165
Classification and labeling of chemicals—The REACH Initiative	165
WEEE/RoHS (Waste Electrical and Electronic Equipment/Restrictions of Hazardous Substances).....	169
Trends and Opportunities.....	170
Critical Factors for Success	170

TABLE OF CONTENTS (continued)

Japan	171
Structure of the Industry	171
Company Profiles	172
Asahi Kasei.....	172
Dai Nippon Printing Co., Ltd.	175
Hitachi Chemical Co., Ltd.....	178
JSR Corporation	179
Mitsui Chemicals, Inc.....	181
Nitto Denko Corp.	183
Sumitomo Chemical Co., Ltd.	185
Research and Development	188
Manufacturing.....	189
Government Support	190
Trends and Opportunities.....	190
Critical Factors for Success	192
Republic of Korea.....	193
Structure of the Industry	193
Company Profiles	194
Cheil Industries Inc.....	194
LG Chemical Ltd.	195
Research and Development	197
Manufacturing.....	198
Government Support	198
Trends and Opportunities.....	199
Critical Factors for Success	200
Taiwan	200
Structure of the Industry	200
Company Profile—Optimax Technology.....	202
Research and Development	204
Manufacturing.....	205
Government Support	205
Trends and Opportunities.....	206
China.....	206
Structure of the Industry	206
Research and Development	207
Manufacturing.....	207
Government Support	208
Trends and Opportunities.....	208
Critical Factors for Success	208
Product Types and Markets	209
Products and Functions	209
Substrates.....	209
Glass Substrates	209
Functions and uses	209
Technology and manufacturing	209
Plastic Substrates	212
Optical and Functional Films	212

TABLE OF CONTENTS (continued)

Anisotropic Conductive Films (ACF)	213
Functions and uses	213
Technology and manufacturing	213
Antiglare Films	213
Functions and uses	213
Technology and manufacturing	214
Antireflection Films.....	214
Functions and uses	214
Technology and manufacturing	214
Brightness Enhancement Films	214
Functions and uses	214
Technology and manufacturing	215
Color Filters	215
Functions and uses	215
Technology and manufacturing	215
Diffusion Films (or Sheets)	216
Functions and uses	216
Technology and manufacturing	216
Light Guiding Plates	216
Functions and uses	216
Technology and manufacturing	216
Electromagnetic Interference (EMI) Shielding Films	217
Functions and uses	217
Technology and manufacturing	217
Polarizers	217
Functions and uses	217
Technology and manufacturing	218
Polarizer Protection (TAC) Films	218
Functions and uses	218
Technology and manufacturing	218
Polarizer Protection Film (with Optical Compensation Film).....	218
Functions and uses	218
Technology and manufacturing	219
Prism Sheets.....	219
Functions and uses	219
Technology and manufacturing	219
Electrode Materials.....	220
Indium Tin Oxide.....	220
Functions and uses	220
Technology and manufacturing	221
Bus data electrodes	221
Functions and uses	221
Technology and manufacturing	222
Conductive Polymers and Conductive Coatings	222
Functions and uses	222
Technology and manufacturing	222
Light-Emitting Materials	223
Phosphors.....	223

TABLE OF CONTENTS (continued)

Functions and uses	223
Technology and manufacturing	224
Small-Molecule OLEDs	224
Functions and uses	224
Technology and manufacturing	226
Polymer OLEDs	226
Functions and uses	226
Technology and manufacturing	227
Processing Chemicals	227
Photomasks	227
Functions and uses	227
Technology and manufacturing	228
Photoresists	228
Functions and uses	228
Technology and manufacturing	228
Processing Gases	229
Functions and uses	229
Technology and manufacturing	229
Other Chemicals/Materials	229
Alignment Layers	229
Functions and uses	229
Technology and manufacturing	229
Barrier Rib Materials	230
Functions and uses	230
Technology and manufacturing	231
Black Matrix	232
Functions and uses	232
Technology and manufacturing	232
Color Filter Pigments	232
Functions and uses	232
Technology and manufacturing	233
Color Resists	233
Functions and uses	233
Technology and manufacturing	233
Dry Film Resists	233
Functions and uses	233
Technology and manufacturing	234
Electrode Protection Materials	234
Functions and uses	234
Technology and manufacturing	235
Electron-Transfer Materials	235
Functions and uses	235
Technology and manufacturing	236
Specialty Gases	238
Functions and uses	238
Technology and manufacturing	238
Hole-Injection and Transfer Materials	238
Functions and uses	238

TABLE OF CONTENTS (continued)

Technology and manufacturing	239
Liquid Crystals.....	239
Functions and uses	239
Technology and manufacturing	243
Sealants	245
Functions and uses	245
Technology and manufacturing	245
Spacers.....	246
Functions and uses	246
Technology and manufacturing	246
TAB Tapes.....	246
Functions and uses	246
Technology and manufacturing	247
Transparent Dielectric Materials	247
Functions and uses	247
Technology and manufacturing	247
Consumption and Markets	248
Substrates.....	248
Glass Substrates	248
Consumption and markets	248
Market participants	250
Prices	256
Future trends and strategic issues	257
Polymer Substrates	258
Optical and Functional Films	258
Anisotropic Conductive Films (ACF)	258
Consumption.....	258
Market participants.....	259
Prices	261
Future trends and strategic issues	261
Antiglare Films	262
Consumption and markets	262
Market participants.....	263
Prices	264
Future trends and strategic issues	265
Antireflection Films.....	265
Consumption and markets	265
Market participants.....	265
Prices	267
Future trends and strategic issues	267
Brightness Enhancement Films	268
Consumption and markets	268
Market participants.....	268
Prices	269
Future trends and strategic issues	269
Color Filters.....	270
Consumption and markets	270
Market participants.....	270

TABLE OF CONTENTS (continued)

Prices	279
Future trends and strategic issues	279
Diffusion Films (or Sheets)	281
Consumption and markets	281
Market participants	282
Prices	284
Future trends and strategic issues	284
Diffusion Panels	285
Consumption and markets	285
Market participants	286
Prices	286
Light Guiding Materials	287
Consumption and markets	287
Market participants	287
Prices	294
Future trends and strategic issues	294
Electromagnetic Interference (EMI) Shielding Films	295
Consumption and markets	295
Market participants	295
Prices	297
Future trends and strategic issues	297
Polarizers	297
Consumption and markets	297
Market participants	298
Prices	305
Future trends and strategic issues	305
Polarizer Protection Films (TAC Films).....	306
Consumption and markets	306
Market participants	307
Prices	308
Future trends and strategic issues	309
Polarizer Protection Films (with Optical Compensation Film [OCF])	309
Consumption and markets	309
Market participants	310
Prices	311
Future trends and strategic issues	312
Prism Sheets.....	312
Consumption and markets	312
Market participants	312
Prices	314
Future trends and strategic issues	314
Electrode Materials.....	315
Indium Tin Oxide.....	315
Consumption and markets	315
Market participants	315
Prices	318
Future trends and strategic issues	318

TABLE OF CONTENTS (continued)

ITO films	319
Consumption and markets	319
Market participants	319
Prices	321
Future trends and strategic issues	322
Bus Data Electrodes.....	322
Consumption and markets	322
Market participants	323
Prices	324
Future trends and strategic issues	324
Conductive Polymers and Conductive Coatings	325
Consumption and markets	325
Market participants	325
Light-Emitting Materials	328
Phosphors.....	328
Consumption and markets	328
Market participants	329
Prices	330
Future trends and strategic issues	331
Small-Molecule OLEDs	331
Consumption and markets	331
Market participants	332
Prices	334
Future trends and strategic issues	334
Polymer OLEDs	334
Consumption and markets	334
Market participants	335
Prices	336
Future trends and strategic issues	336
Processing Chemicals.....	337
Photomasks.....	337
Consumption and markets	337
Market participants	338
Prices	339
Future trends and strategic issues	340
Photoresists.....	340
Consumption and markets	340
Market participants	341
Prices	343
Future trends and strategic issues	343
Processing Gases	344
Consumption and markets	344
Market participants	345
Prices	345
Future trends and strategic issues	345
Other Chemicals/Materials.....	345
Alignment Layers	345
Consumption and markets	345

TABLE OF CONTENTS (continued)

Market participants	346
Prices	348
Future trends and strategic issues	348
Barrier Rib Materials	348
Consumption and markets	348
Market participants	349
Prices	349
Future trends and strategic issues	350
Black Matrix	350
Consumption and markets	350
Market participants	350
Prices	352
Future trends and strategic issues	353
Color Filter Pigments.....	353
Consumption and markets	353
Market participants	354
Prices	354
Future trends and strategic issues	355
Color Resists.....	355
Consumption and markets	355
Market participants	355
Prices	359
Future trends and strategic issues	359
Dry Film Resists	359
Consumption and markets	359
Market participants	360
Prices	360
Future trends and strategic issues	360
Electrode Protection Materials.....	360
Consumption and markets	360
Market participants	361
Prices	361
Future trends and strategic issues	361
Electron-Transport Materials.....	362
Consumption and markets	362
Market participants	362
Prices	363
Future trends and strategic issues	363
Specialty Gases.....	364
Consumption and markets	364
Market participants	365
Prices	365
Future trends and strategic issues	365
Hole-Injection and Transfer Materials.....	365
Consumption and markets	365
Market participants	366
Prices	367
Future trends and strategic issues	367

TABLE OF CONTENTS (continued)

Liquid Crystals.....	367
Consumption and markets	367
Market participants	369
Prices	372
Future trends and strategic issues	373
Sealants	373
Consumption and markets	373
Market participants	374
Prices	375
Future trends and strategic issues	375
Spacers.....	375
Consumption and markets	375
Market participants	376
Prices	380
Future trends and strategic issues	380
TAB Tapes	381
Consumption and markets	381
Market participants	381
Prices	383
Future trends and strategic issues	383
COF Tapes	384
Consumption and markets	384
Market participants	384
Prices	386
Future trends and strategic issues	387
Transparent Dielectric Materials	387
Consumption and markets	387
Market participants	387
Prices	388
Future trends and strategic issues	388
Market Size by FPD Technology.....	389
LCD Chemicals and Materials.....	390
PDP Chemicals/Materials.....	394
OLED Chemicals and Materials.....	396
Major Factors Affecting the FPD Chemicals Business	398
Business Factors	398
Social Factors	400
Political Factors	400
Conclusions.....	401
Appendix.....	403
Properties of Polymers for Flat Panel Displays	403
Flat Display Panel Manufacturers	405
China.....	405
Japan	406
Republic of Korea.....	410
Taiwan	411

TABLE OF CONTENTS (continued)

Europe.....	412
European LCD Developers, Integrators and Manufacturers	412
European OLED Display Developers and Manufacturers	416
European Companies Active in Emerging Display Technologies	422
FPD Chemicals/Materials Producers	426
China.....	426
Europe.....	428
European Manufacturers of Glass Substrates for the FPD Industry.....	428
European Suppliers of Polymer Substrates, Functional Films and Coating Materials.....	429
European Producers of OLED Chemicals	431
European Producers of Conductive Polymers and Developers of Printed Electronics	434
United States.....	437
Acronyms.....	438
